**TAYLOR HELD HERE
UNDER \$1000 BOND****Man Who Escaped From Chief of Police Yahey Monday is Arrested at Connersville****TRIAL IS SET FOR FRIDAY****Meantime Grand Jury Continues Investigation—Eyewitness Confirms Yahey's Version**

Chester Taylor, charged with assault and battery on Chief of Police Yahey, was arrested in Connersville last night and brought here this morning and placed in jail.

He was promptly arraigned in circuit before Judge Sparks, pleaded not guilty to the charge and his bond was fixed at \$1,000. Chauncey Duncan, who was retained to defend Taylor, said that no effort would be made to give bond as the trial had been set for Friday.

Meantime the grand jury was grinding away investigating the case. Enos Greely, in whose pool room the warrant was served on Taylor Monday, Willard Bennett who was in the pool room at the same time and Policeman Newhouse were before the investigators this morning.

The police have found that Harold Wallace, son of Frank Wallace, the photographer, witnessed the affair when Chief of Police Yahey was relieved of his mace and gun in the alley back of Polk's hardware store. Young Wallace told his father, who reported it to the police. According to his version of the affair, the police say, it was as Chief of Police Yahey said—that he fell when striking at Taylor, who drew his gun and took the chief's weapons. Yahey says he has no remembrance of Taylor drawing his gun and that he was so dazed he could offer no resistance. Yahey was still unable to leave his home today and could not appear before the grand jury.

According to the story of Policeman Jerrell who was one of the officers who brought Taylor here, the Connersville police learned Taylor was with a girl last night and watched the house where she lived. When he and the girl came home, the police went to the door and demanded that Taylor give himself up. The ed that Taylor give himself up. The when the police said they would have to search the house, Taylor stepped from behind a door and gave himself up.

Taylor had no weapons of any sort when arrested. The police returned for the girl and she refused to produce Chief Yahey's gun and mace until they had taken her to jail. Fear of having to spend the night in jail induced her to give up the two weapons.

**AWAITS REPLY OF
AUSTRIAN PREMIER****President Will Amplify Previous Statement if Czernin's Answer is Conciliatory****GERMAN AIMS NOT AGREEABLE**

Washington, Feb. 27.—President Wilson is waiting upon Count Czernin's reply to his last peace terms before determining his future course as to a new statement before the tribunal of the world.

If it shows conciliatory spirit the president will appear before congress to amplify his previous statement, according to the belief among international authorities today. Whether he will reply to Hertling has not been stated.

The general spirit today, after digesting Hertling's message was one of rejection. Everywhere the thought was that Hertling was insincere—was playing a game.

BLANKS FILLING QUICKLY**Orders For Red Cross War History Coming in Fast**

Order blanks are quickly filling up for the Red Cross history. The blanks are in a number of the downtown stores and several places have called for new slips because of the number of persons who have signed up for the books. Twenty-five cents is left with each order. The books will go to press in the near future and persons wishing a book are urged to leave their order at the earliest opportunity.

**SENT TO JAIL FOR
CONTEMPT OF COURT****Harry Headlee is Found Guilty by Judge Sparks For Failure to Obey Orders****DIDN'T PAY SUPPORT MONEY**

Harry Headlee has been sent to jail for contempt of court by Judge Sparks to serve five days. Headlee was found in contempt yesterday afternoon for not obeying the court's ruling in a divorce suit brought by Mrs. Lucy Headlee. The costs of the case were assessed against Headlee.

On December 8, 1917 Mrs. Headlee was granted a divorce and the custody of her minor children. Headlee was ordered to pay Mrs. Headlee \$3 a week for the support of the children. This he has not done, it is alleged, and last Thursday Mrs. Headlee filed a motion asking that he be held in contempt of court.

The case of William E. Inlow against William J. Brown for \$300 alleged to be due as a real estate commission, was dismissed and the costs paid. The \$200 damage suit of P. S. Daubenspeck, W. M. Combs and U. G. Bever against the C. I. & W. railroad was dismissed and the costs paid.

**THIRTY LIKELY LOST
WHEN U. S. TUG SINKS****Naval Boat Cherokee Flounders Off Atlantic Coast With Only Ten Known Survivors****BODIES OF FOUR DEAD FOUND**

(By United Press.)

Washington, Feb. 27.—Thirty men probably lost their lives when the U. S. naval tug Cherokee floundered off the Atlantic coast yesterday. The bodies of four dead have reached Philadelphia. The ten known survivors were landed.

Secretary Daniels announcement follows:

"The navy department is advised that the United States Cherokee a navy tug floundered Tuesday morning off the Atlantic coast. Of the 40 aboard—5 officers and 35 enlisted men—10 men have been landed at Philadelphia and four dead were picked up.

"The 10 known survivors got away in the first raft. Four got away on the second but two were washed overboard and the other two were dead when picked up by a British steamer."

GARY JURY DISMISSED

(By United Press.)

Indianapolis, Ind., Feb. 27.—Following instruction of Judge A. B. Anderson in federal court dismissing the jury and directing a verdict of not guilty the 7 city and county officials of Gary, Ind., defendants in the election fraud trial, were released.

John Jordan of this city was a member of the jury.

**GERMANS HURLED
BACK AT VITEBSK****After Fortifying Borissov, Advance Toward Orsha But Are Beaten Back****RUSSIANS THEN EVACUATE****Enemy Evidently is Trying to Cut Off Petrograd From South and Occupy It****BULLETIN**

Petrograd, Feb. 27.—The 10 detachments of revolutionary troops, headed by the executive committee-men have been dispatched toward Pskoff, it was semi-officially stated today.

(By United Press.)

Petrograd, Feb. 27.—The Germans have been hurled back at Vitebsk.

After fortifying Borissov the Germans advanced toward Orsha, Russian forces made an attack and beat the Germans back 18 miles from the city.

Then returning upon the city the Russians blew up a bridge and began an orderly evacuation.

The German command advancing on the capital, informed that the Russians had accepted the peace terms queried their representatives at Brest-Litovsk. The reply came back:

"The advance must continue." The Germans evidently are determined to occupy Petrograd and are trying to cut off the capital from the south.

The battle for possession of Pskoff which continued through the night ended in a Russian victory. They removed most of the vast stores of supplies there valued at 400,000,000 rubles into the interior.

The commissariat has admitted that Revel, capital of Esphonia situated on an arm of the Gulf of Riga was captured after a battle in which sailors and red guards contested.

The Germans surrounded the city in the evening. They approached within 7 versts and sent representatives forward. In view of the Esphonia independence they were coming as guests, but the defenders refused to accept them and the battle ensued.

Enthusiasm for the defense of the revolution grows hourly.

The staff at Luga wired they would halt the Germans if they had reinforcements.

**SIXTY-ONE AMERICAN
MEN ARE GAS VICTIMS****Five Are Killed in Last Night's Deadly Attack—Many Suffer From Fumes****MEN SPEND NIGHT OF HORROR**

(By United Press.)

With the American Army in France, Feb. 27.—Sixty-one American soldiers, gas victims, lay in the hospital today following a night of horror. The doctors worked all night on the cases.

Five others were killed in the gas attack.

Many of the hospital cases include artillery men overcome by fumes from gas shells. Some Indians men were among the victims.

Suddenly there was a flare from the German trench as the mine werfers were discharged; then came the detonation of high explosives with the spread of deadly gases.

Three officers ran into a dugout and closed the curtain so tight that they narrowly escaped death from suffocation.

Three men were killed and nine overcome in this sector during the first attack.

**ASKED TO PERFORM
PATRIOTIC SERVICE****School Children Requested to Raise Garden Vegetables This Year Instead of Flowers****CHANGES IN ANNUAL CONTEST****Plan is Explained Today to School Children Who Are Asked to Order Seed on Friday**

Pennies expended by the Rushville school children for seeds will be turned into large quantities of tomatoes, peas and beans to help feed Uncle Sam's army next year, if the plan being worked through the schools this week is carried out.

In the past, the school children have purchased flower seeds for a nominal sum but this year the patriotic duty of the little folks will be placed before them to raise vegetables instead of flowers. The plan was presented in the schools today and the children asked to bring their pennies on Friday, saying the kinds of seed they wanted and their orders will be filled.

Through the Home Gardening Association in Cleveland, O., schools are supplied with seeds of all kinds at a very low mark. For a number of years, the local schools have procured seeds through this firm. They are asked by the teachers to bring their pennies and orders and the seeds will be delivered to them within a short time.

That the children turn their attention to raising peas, tomatoes and beans this year instead of the flowers that they have in the past is based on the call of the government for more vegetables to feed the armies. Statistics show that the American armies will need 50 per cent more tomatoes, 12 per cent more corn, beans and peas than they did last year. Any of these vegetables that can be raised over this amount will be scarcely enough to feed the American public and the Allies. For this reason, school children over the entire country may do a patriotic service aiding in increasing the food supply.

The packages of seeds sell for between 3 and 5 cents. Last year, they sold for 2 cents a package and 50 were distributed. In the place of tomato seeds, it is probable that tomato pods will be supplied. Mrs. A. L. Stewart is at the head of the distribution of the seeds and has been for several years.

**THREE SPEAKERS AT
ANDERSON INSTITUTE****Man of German Descent Urges Observance of Meatless and Wheatless Days****CHARLES DAVIS PRESIDENT**

Three excellent talks on topics of the day and farm problems featured the Anderson township farmer's institute held in the Milroy school yesterday, which was attended by a large group of interested listeners.

"The Americans might as well start observing meatless and wheatless days," said Mr. Zoehrer of Indianapolis, whose father is a German, "for they are absolutely necessary in winning the war and if they are not observed, the government can and will force them. They are giving people an opportunity to do their part voluntarily."

Dr. Carvin, federal live stock agent, gave a very instructive talk on "Hog Cholera" and W. T. Marindale of Purdue university brought interesting facts to light in his talk on "Live Stock."

The officers elected for the coming year were: president, Charles Davis; vice-president, Claude Crane; and secretary-treasurer, Clyde Archey.

THREE PROBES UNDER WAY**Grand Jury Spend Busy Day Investigating Three Offenses**

In addition to investigating the episode of Monday when Chester Taylor escaped from Chief of Police Yahey, the grand jury today also had a number of witnesses from Carthage. Just what is being investigated there is not known here. Witnesses were also before the grand jury to testify about the happenings last Sunday night when John Moran was seriously cut by Will Carter, colored.

**PASSES ITS QUOTA
OF SHIPBUILDERS****County Has 99 Men Registered When Allotment Was Only 75—Among First in State****RECORD IS AN EXCELLENT ONE**

With their usual response to every request which the government has made during the past year, Rush county has again "gone over" with flying colors in the present drive for shipbuilders and other skilled laborers.

After reaching the county's quota of seventy-five, County Enrolling Agent Stewart continued to register men and today his report to the state enrolling agent showed an enlistment of ninety-nine men from Rush county. Due to the excellent work of the local agent and the ready co-operation of the men, Rush county, ranks among the first in the state in the number of enlistments, taking the size of the county into consideration.

Already there have been 9,387 Indians who responded to the call of Uncle Sam for skilled labor which leaves less than 1,500 men to complete the state quota. According to the opinion of N. E. Squibb, Indiana state director, Indiana will go over with its full quota by the end of the week.

**TAX INSPECTOR
HERE VINDICATED****Accused by Huntington Citizens of Filing Out Income Blanks Improperly****SHOWS HE FOLLOWED RULES**

Dan Strickland, tax inspector at the local postoffice, who together with Will Bender, another tax inspector, was accused by several Huntington citizens in an article appearing in the Indianapolis News of improperly filing out returns, has been vindicated. The fact of it was that Mr. Strickland and Mr. Bender has been exactly following the government instructions and an article appeared in a recent issue of the News proving the fact.

The question came up over whether or not farmers should be taxed on the products they use for themselves in the food line. The first article from Huntington maintained that farmers should subtract all of their produce which they used for their own tables before filing returns. The income tax rulings read that meat, chickens, potatoes, butter and eggs can not be deducted, but that seed, labor and garden produce may be deducted before the income is listed. The ruling is based on the fact that persons in towns raise garden produce and do not have to pay tax on the amount they use.

Private Raymond Benning of the 139th Field Artillery infirmary has been at the base hospital at Camp Shelby, Miss., for a month suffering with erysipias, but his condition is reported to be improved.

**SEED CORN SELLS
FOR RECORD PRICES****Enormous Sums Farmers Are Paying Reveal Seriousness of the Shortage****SOME FOR \$20.50 A BUSHEL****Practically No Township in Rich Rush County Able to Supply Farmers**

That the seed corn shortage in Rush county is serious is clearly demonstrated by the high prices the farmers have paid and are willing to pay for good seed. At a recent farm sale, a lot of 17 bushels of seed corn sold for \$20.50 a bushel, the highest price on record in the history of the county. Twelve dollars and a half a bushel was paid at another sale recently.

The question of getting enough seed corn is uppermost in the mind of every farmer today. The fact that the product is so short and that such an enormous supply of corn is needed now more than ever before, leaves a dire responsibility with the farmers to get the seed and meet the situation. Men from counties all over the state have attended Rush county sales in an endeavor to get seed corn and Rush county farmers in turn have gone into other counties attempting to get their supply.

The food survey which was taken in every township in the county brought to light the fact that in no township where the returns have been filed, is there sufficient seed corn to supply the farmers even by planning to divide the supply among the farmers. To get exact statistics on the amount of seed corn needed, was the primary purpose of the survey. About half of the townships have turned in their reports. Some need a great deal more than others but all need some.

The prices being paid for seed vary all the way from five dollars a bushel to four times that price when a few years ago it was selling for two or three dollars a bushel. One farmer succeeded in getting a lot of one hundred bushels of seed yesterday for five dollars a bushel from a woman in Stringtown. It was the last she had and she had already fed out about the same amount, not knowing that it was scarce. Another man endeavored to get some seed from a farmer near Liberty and stated that there were enough sacks left there by farmers who were going to return when the corn would be sold to carry away all of the man's enormous supply.

Some farmers from Washington township, one of the county's richest townships, have gone to Union county to get seed corn. A farmer from Mays this morning, however stated that he thought Washington township's supply was now about enough to carry the farmers over the shortage.

Seven hundred bushels of seed were sold at the sale of Charles Hendricks for \$6,900, an average of \$9.43 a bushel. Seventeen bushels of this lot went for \$20.50. It was at the sale of Irvin Shortridge that corn sold for \$12.50 a bushel. At the Hendricks sale, farmers from a dozen counties were there, bidding high for the seed.

SOCIALISTS FAVOR POLICY

(By United Press.)

Amsterdam, Feb. 27.—The government Russian policy is not ours," said Steidman, socialist reichstag leader, according to dispatches today. "The government must remain steady for a real peace. We welcome Hertling's declaration regarding Wilson and Belgium."

The regular semi-monthly meeting of the Priscilla Art club of Falmouth will be held tomorrow afternoon at the home of Miss Mary Hinckman.

JOHN HARRISON COMES OUT

Asks Republican Nomination For Commissioner, South District

John E. Harrison of Anderson township has announced that he is the republican candidate for the nomination for commissioner from the southern district at the primary Tuesday, May 7. He is now serving on the board, having been elected from the southern district. Charles Owens of Orange township is a candidate for the nomination to succeed himself as representative in the state legislature, instead of for treasurer which was erroneously announced a few days ago.

Amusements

Three films will be shown at the Gem theatre this evening bringing a variety to the program. Doris Kenyon will appear in "The Hidden Hand," the Pathe News feature will be shown and a Lonesome Luke comedy. Tomorrow, William Fox presents Valeska Suratt in, "A Rich Man's Plaything."

An intensely interesting drama is billed for the Princess theatre this evening in "On the Level," in which Fannie Ward takes the leading role. The scenes are laid in the great southwest and are realistic from start to finish. The picture that has gained most favorable comment all over the country, "The Daughter of the Gods," will be shown on Thursday afternoon and evening. Annette Kellerman, the best woman swimmer in the world, performs some of her most difficult feats in the film. It is said to be a million dollar production. Among the thrilling sensational scenes in the picture is one where "Anita" is thrown headlong over a raging falls, and another where manacled and helpless, she is thrown to the waiting hungry crocodiles.

Ernest Carson, son of Mr. and Mrs. John T. Carson of the Raleigh neighborhood, who underwent an operation recently is improving rapidly and will be able to return to school in a few days. Dr. Charles S. Marvel of Richmond performed the operation.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone. Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!

STUDIES NEW BRANCH
Lieut. Weldon Brann who received a leave of absence from his regiment at Camp Taylor to take a special training course at Fort Sill, is taking work in the one-pound-gun section of the infantry school of arms. Lieut. Brann was the only man selected from the 46th regiment to take the training which is the newest branch in the school of arms at Ft. Sill.

Efficiency First

The war has proven that battles cannot be won with old machinery. Neither can you get the greatest sewing efficiency from an old sewing machine, or a new sewing machine made from an old model.

The Singer is recognized as the Best wherever sewing machines are used. This is because the Singer idea is distinctive—every year shows improvement in that idea until we have for you the best sewing machine that money and brains has been able to produce. Let us prove it by placing one in your home for free trial. You can make terms with us to suit your convenience and we make a fair allowance for old machines taken in exchange.

During the cold weather several people phoned me, who were thinking of buying a sewing machine, but could not come to the store, and on account of the weather and condition of the roads, I was unable to get to them before the company advanced the price. As a special accommodation to those who were unable to buy before the advance, we have secured permission to sell at the old price from February 25th until March 9th. This will be the last chance to get a Singer at the old price.

Don't forget that the cheapest sewing machine you can buy is not the one that costs the least money, but rather the one which will give you the greatest service at a reasonable price. That is why we urge so strongly the use of the Singer.

PEOPLE NEGLIGENT
IN CARE OF MOUTH

Senreco Tooth Paste Power-
ful To Save the Teeth and
Prevent Diseases

"All dressed up with a hole in his
shoe" was a bit of sarcasm a girl
sang at a young man friend whose en-
tire outfit was new except his punc-
tured shoes. Right enough, too.
Whether to man or woman a shabby pair
of shoes would spoil the appearance
of the most elegant garments ever
worn.

What about the teeth? Dress in all
the finery you please, if you open your
mouth exposing a decayed set of teeth
your attractiveness ends right there.
That's a hole in the shoe for you.
This applies both to men and women.
Girls, and young men, you lose half
the admiration which would be direct-
ed toward you if you have bad teeth.
You can't be pleasing with a
mouthful of decay. You can't be
healthy either. The condition
of the teeth have a telling in-
fluence on other organs of the body.
Bad teeth affect the intestines, stom-
ach, heart, and even the eyes. Medi-
cal science shows that bad teeth pro-
duce unhealthy conditions all over the
body.

With Senreco Tooth Paste at your
service—a scientifically prepared pre-
ventive of Pyorrhea—there's no need
of filling a prey to these ills. No
need of having a mouthful of decayed
teeth. Used regularly on a set of
good teeth the deadly germs have little
chance to enter. If they should enter
they can't exist long under its thor-
ough cleansing properties. As a
cleanser and preventive of disease
of the teeth it is positively reliable.
Advanced cases should be treated by
your dentist.

Use Senreco Tooth Paste as a pre-
ventative. Ask your dentist if you
should not pay all attention to your
teeth. Of course we won't say our
Tooth Paste will cure Pyorrhea. If
you already have it, your dentist
is the doctor. Even if you are
afflicted with his terrible disease Sen-
reco Tooth Paste will help you to get
rid of it, with your dentist's assist-
ance. But we do want you to con-
struct any ailment of the mouth and
teeth, nor does your dental doctor.
A preventive is far better than to
have to go through the trials of a cure.
Save your teeth by Senreco Tooth
Paste and the probability is that you
won't have to deal with foul and pain-
ful diseases. By taking excellent care
of your teeth you may save stom-

Get Ready for Big Year

It is time now to figure whether your present shelter is enough for the bigger crops you
will raise and your new equipment. Can you afford to feed cattle next winter without
shelter? Can you afford to raise hogs without a concrete feeding floor? Can you afford
to leave your equipment out in the weather when an implement shed can be built for a
few dollars? Can you afford to raise pigs without a feeder?

Preparedness Now Saves Later Worry

The first time you are in town let us talk over your improvements, what it will cost to
build the new structures. We will gladly give you an estimate of what you will need.
It is a good time now to haul out lumber and cement, while roads are hard and while our
stock is full. There will be plenty of other work to do when spring opens.

WE WILL GLADLY HELP YOU. GIVE US A CHANCE

Back to the Farm

In the working out of the farm problems the coming season the country is up against some stubborn facts. It is useless to blind our eyes to the situation—we are short of farm worker, and that at a time when even more are needed than at any time heretofore. The working of the selective draft may give some relief, but cannot entirely remedy matters. Even without the loss of the thousands of young men recently called, the farms have been short-handed for several years.

In this connection we should call attention to some facts that should interest us. It has been noted for

some time that many farmers, after years of effective work on their farms, have left them and moved to the towns, leaving their lands in the care of tenants. This has been bad for the farms in many ways, particularly in that it deprived the lands of the care of men of experience and superior judgment, both so vitally necessary at this time.

These men are still in the towns, hundreds of them, thousands of them. While they may be a substantial factor of the town force, their presence is at this time most urgently demanded on the farms. Every farm in the land is crying out for the guiding hand and brain of its owner—the one person who should have the deepest interest in its success.

In this crisis of the nation's life, every owner of a farm who has left it—wherever possible without too great sacrifice—should return to the soil and give to it his best labor and thought. It is not merely the matter of his daily labors, though these would count largely in results. There is the more important fact of his experience and broader knowledge of farm problems. His hand at the helm would be an inspiration to the entire farm force and would count powerfully in the final results.

There could be no finer exhibition of patriotism than for the ex-farmers of the country, wherever and however situated, to return to the soil at least through the period of the war when they could be such untold aid to their country.

Ahead of the Regiment

It is unfortunate that after the organization has practically been perfected for the Third Liberty loan drive that the announcement should come from Washington that it will be postponed and may not be conducted for a month or possibly longer. A very enthusiastic meeting of energetic workers of this district was held here several days ago.

There is a grave possibility that the workers, like the athlete who is over-trained, may grow stale and give the drive a set-back, or that the officials at Washington may have trouble catching up with them.

All of which reminds one of the story of the regimental color bearer who got far ahead of his regiment.

"Bring the colors back here to the regiment," yelled the commander in the heat of the battle.

"Bring the regiment up to the colors," shouted back the brave bearer.

Since the beginning of the world war, the cost of living has risen in Germany twice as fast as in the United States, notwithstanding the fact that living in the United States is worth ten times as much as living in Germany.

It is always well to be suspicious of the man who is the first to yell "Stop Thief." By the same token it is equally as important that the man who is blatant about his bravery not be taken too seriously.

If President Wilson gets credit for the suffrage victory in congress, it will not be the first time the last man on the band wagon got all the glory.

The packing house investigations did not turn up any embalmed beef, but they disclosed some things with an equally offensive odor.

That German peace dove turned out to be a crow.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

IF YOU could plant every hill of corn on your farm by hand you would add hundreds of dollars to the value of your corn crop. Yes, sir, accurate planting would mean 20 to 30 more perfectly planted hills out of every 100! Would mean 7 more bushels from each acre! Would mean \$350.00 extra profit from each 40 acres you planted.

You can have this accurate planting. You can get it in the J. I. Case!

Two modern books will be the subject for the lecture to be given on Saturday afternoon by Miss Margaret Dorman when she will talk on "The Tendency of Modern American Poetry," by Amy Lowell, and "The Fortunes of Mr. Mahony," by Henry Handel Richardson, an Australian writer. The lecture will be given at the home of Mrs. F. G. Hackleman in North Morgan street and the entire proceeds will go toward Red Cross. The public is invited and tickets may be purchased from any of the members for fifty cents.

The regular meeting of the Ladies Aid Society of the United Presbyterian church was held yesterday afternoon at the home of Mrs. W. O. Frazee in North Harrison street. A large number of the society members attended the meeting and during the afternoon Red Cross sewing was done. Dainty refreshments were served at the close of the afternoon.

A delightful meeting of Psi Iota Xi was held at the home of Miss Wanda Wyatt in North Main street last evening. The report of the treasurer showed that the two sandwich sales conducted at the high school for Red Cross netted almost

Radium is Now Offered To All

Great Curative Property for Rheumatism Can Now be Tried at Home

Radium is one of the most efficient curative properties for rheumatism known to medical science.

BUT—Radium treatments in the past have been enormously expensive and the cost has prohibited the average man or woman who suffered from rheumatism from trying it. Either the sufferer had to journey to some hot springs to drink the water containing the radium emanations or go to an institution known as an "Emanatorium" where the radium treatment was taken by inhaling the gas—or emanations—given off from a quantity of pure radium.

Now, however, the radium treatment is not expensive. Sufferers from rheumatism can try radium right in their own homes and the cost is no greater than the cost of ordinary medicines.

The manufacturers of Tanlac, the most widely known general system tonic in America, have placed a medicine for rheumatism on the market and it contains radium.

Tanlac Rheumatism Treatment, under which name the new medicine is being introduced, is complete. It consists of a tablet for internal use and a medicament for external use. Each of the tablets for internal use produces four mache units of genuine radium emanation.

If you suffer from the aches and pains and twinges of rheumatism get Tanlac Rheumatism Treatment today and get a real medicine for this dreaded complaint. You can get Tanlac Rheumatism Treatment at any good drug store where you get Tanlac, the famous tonic. (Adv.)

\$39. Several business matters were discussed after which the hostess served dainty refreshments.

Mr. and Mrs. Ed Pitman of North Jackson street entertained the members of the Harmony club last night with a prettily appointed card party. Mr. and Mrs. Walter Easley were the only guests aside from the members of the club and at the close of several rounds at cards, light refreshments were served.

An all day meeting of the Dr. Gilbert class of the Christian Sunday school will be held at the Red Cross headquarters tomorrow. The members of the class are asked to come at nine-thirty in the morning. The entire day will be spent in sewing for Red Cross and dinner will be served at noon.

Twenty-three members of the G. B. club attended the pleasant meeting held at the home of Mrs. Fred Wilson at 1022 North Perkins street yesterday afternoon. The social afternoon was concluded by the service of light refreshments. The next club meeting will be held in two weeks.

Mrs. Robert Williamson of West First street will be hostess to the member of the Ladies Aid society of St. Mary's Catholic church at the regular meeting which will be held tomorrow afternoon. The hostess will be assisted by Mrs. Anthony Schrichte.

Honoring Mrs. Theodore Betker who with her husband will leave soon for residence in California, the members of the Grand club will entertain this evening with a dinner party at the home of Mrs. Phil Wilk in North Harrison street.

There will be a called meeting of the Loyal Daughters Sunday school class of the Main Street Christian church, in the church parlors, Friday evening at 7:30. Important business will be discussed, and the officers desire a good attendance.

Mr. and Mrs. Fred Maple entertained at their home Saturday evening with a prettily appointed evening party in honor of Clifford Croddy of Camp Grant, who was spending a few days with relatives here. Fifteen guests were entertained.

Red Crossing sewing was done at the regular meeting of the Ladies Aid society of the Main street Christian church which was held yesterday afternoon in the parlors of the church. A good attendance of the members was present.

Honoring Mr. and Mrs. William M. Frazee and son William who will leave Saturday for Globe, Ariz., Mrs. Dan Matlock entertained at her home in North Jackson street today with a prettily appointed dinner party.

The members of the Immaculate Sodality will begin sewing for their Easter bazaar at the meeting of the organization to be held on Thursday evening at the home of Miss Theresa Reardon.

LISTEN TO OUR STORY

Come to our store and listen to the tale of this spreader, "RUSHVILLE SPECIAL." This machine is built especially for us, to fit and to fill the requirements of our own territory, and we wish you would come and listen to the story connected with this modern machine.

It has more quality features, protected by patents than any other machine we know of. It has the only beater wheel which will not clog or choke on any kind of material. It has the only box that will not clog or choke. It has the lightest draft of any known spreader. Customers tell us they can see no difference in the draft when distributing or when hauling the load to the field.

The main bearings are built like a railroad car—packed with waste and oil. It is almost entirely of steel, and because of this unusual construction and the lack of hard, heavy draft, it carries a guarantee for five years.

The "RUSHVILLE SPECIAL" has only two gear wheels, only one lever, and requires less knowledge and skill and experience to operate than any manure spreader we ever heard of. It is almost human in its operations. You work one lever and everything else takes care of itself.

We are selling this spreader because we believe it is the best machine that money can buy. We know this from our own experience and the experience of others. Come in and listen to the story the "RUSHVILLE SPECIAL" can tell.

Enthusiastic Praise for Well Known Medicine

During our twelve years of experience in selling Dr. Kilmer's Swamp-Root it is a rare exception to have a user speak of "no results"; and in very many cases—almost all—the user is greatly benefited by its use if his symptoms cover the ailments for which Dr. Kilmer's Swamp-Root is intended.

Very truly yours,
EVERYBODY'S DRUG STORE,
By Robert McEvoy
Aug. 1, 1916. Golconda, Illinois.
P. S.—It is not uncommon that I refer the inquiries for Swamp-Root to a bystander who will mention the good results he has obtained from the use of Swamp-Root, and such information is given with enthusiasm.

Prove What Swamp-Root Will Do For You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Rushville Daily Republican. Medium and large size bottles for sale at all drug stores.—(Adv.)

Social Calendar

Thursday

The organization meeting of the Soldier Mothers club of the Main street Christian church, was held yesterday afternoon with Mrs. Lewis Cline in North Morgan street when Mrs. Anna Reed was elected president of the club. The other officers include Mrs. Lewis Cline, vice-president; Mrs. Sam Newhouse, secretary; and Mrs. H. C. Owen treasurer.

The club has been organized in order that delicacies which are appreciated by the boys in training, might be prepared for the sons or foster sons of the club members and at each meeting either something will be done for the boys directly, or Red Cross sewing will be done. At the meeting yesterday boxes of candy were made for each boy, whose mother as a member of the club was present.

The members of the club include Mrs. Owen, Mrs. Woolen, Mrs. Reed, Mrs. Snyder, Mrs. King, Mrs. Newhouse, Mrs. Hughes and Mrs. Wilkinson. Any woman belonging to the church who has a foster son in the army is entitled to membership and is urged to join. The next meeting will be held next Thursday afternoon with Mrs. Sam Newhouse when Red Cross sewing will be done.

One of the most interesting meetings which the Sorosis club has held in several weeks was the meeting yesterday for which Miss Florence Elliott of North Harrison street was hostess. The feature of the program was the address given by Miss Mary Marlatt on "The High School Reforms." Miss Marlatt who formerly taught at Cornell, is exceedingly well informed concerning the reforms which have been made in the advanced schools during the recent years, and her discussion was one which excited the interest of the club.

"The Spirit of the Younger Generation" was discussed by Mrs. Saxton who treated her subject from the standpoint of the present warring conditions. A program of musical numbers given by Miss Jessie Murphy completed the program.

The next meeting will be held in two weeks with Mrs. Joseph Walther in Glenwood when officers for the club year will be elected.

Business women of this city have received invitations to the conference of business women of the state to be held at the Claypool hotel in Indianapolis on March 15 and 16. Five hundred women over the state have been invited. The objects of the association to be formed will be especially to become the source of information with respect to the new opportunities for women and to promote and encourage on the part of all women greater efforts towards efficiency in the more important activities of the world's work. It will bring together an increasing group of women in the interest of the betterment of their own sex. Miss Florence King of Chicago, founder and president of the Woman's Association of Commerce will be the distinguished guest. Miss Dove C. Meredith of this city is on the advisory committee for the conference.

The Fairview Community club will hold its regular monthly meeting on Friday evening at 7:30 in the auditorium of the Fairview high school building. The program committee has arranged a series of talks by a number of men of the community who are interested in the various

Mothers--This Child Was Cured of Bed-Wetting

Mrs. C. W. Peters, Lancaster, Pa., writes: "My six-year-old girl has wet the bed since she was a baby. I found no relief until I tried your sample of Foley Kidney Pills. I saw they were helping her, and bought two bottles of my druggist and she is altogether cured. Thanks to Foley Kidney Pills for the benefit I have found in them, as it takes a lot of washing off me. I have told a number of mothers since I found the cure."

Parents no longer need to punish a child for bed-wetting. Instead, they improve the little one's physical condition, until the annoying and mortifying act is done away with.
A few simple rules aided by the use of Foley Kidney Pills will stop any ordinary case of bed-wetting that is not caused by obstruction or malformation of the parts. They are safe to take and absolutely free of harmful drugs. Foley & Co., 3835 Sheffield Ave., Chicago, will send their leaflet on bed-wetting to any one asking for it.

- Address—"Boys and Girls Clubs"—Miss King of Purdue University.

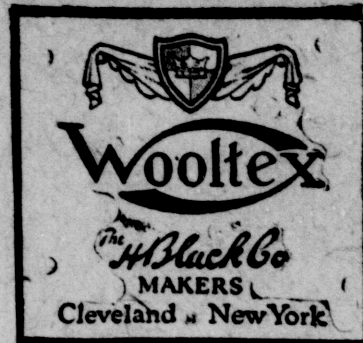

The annual reception and banquet to the officers and members of the Rush county chapter No. 24, Royal Arch Masons, will be held tomorrow afternoon and evening in the Masonic temple here. The officers of the Phoenix lodge No. 62, the Rushville council No. 41 and the Rushville commandry No. 49 have been invited to the banquet which will be served at 6:30. In the afternoon at four o'clock the mark master degree will be conferred and in the evening at eight o'clock the royal arch degree will be conferred on a class. All of the events are expected to be attended by a large number of members and the annual banquet this year is expected to be one of the most pleasant held for several years.

Seventy-four members of the Ladies Aid society of the St. Paul's Methodist church attended the meeting which was held yesterday afternoon at the home of Mrs. A. L. Riggs in North Perkins street. The feature of the meeting was the presentation of the playlet, "The Truth for a Day" by the members of Miss Helen Scudder's Sunday school class. A silver offering was taken up by the class after the performance, the proceeds of which will be added to the Easter offering.

Several visitors were among the guests and at the close of the meeting, the hostess who was assisted by Mrs. Robert Mentyre and Mrs. Blanche Abercrombie, served light refreshments.

A number of plans relative to Epworth League work were discussed at the meeting of the cabinet held with Mr. and Mrs. Mert Wolcott last evening. An eight weeks Mission Study class, to be conducted by the Rev. C. S. Black, will start on next Monday evening. The district contest in which the local league is competing for the banner was discussed. Announcement was made that the district president, W. E. Wagoner of Milroy, will address the local league on March 17. Delicious refreshments were served after the business meeting. The next meeting will be with Miss Harriet Vredenburg in one month.

IF BACKACHY OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy, the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Notice of Administration

Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush County, State of Indiana, executor of the estate of Susan J. Russell, late of said county, deceased.

Said estate is supposed to be solvent.

2 NEW AGENCIES
ARE OPENED HERE

Thrift Stamps Will be on Sale at
Innis and Pearce and Pitman
Wilson Store

MONTH'S SALES OVER \$6,000

Not Yet up to Quota of \$7,000
Monthly, However, for Yearly
Sales of \$84,000

Two new stations have been established by the local postoffice for the sale of Thrift stamps. They are at the Innis and Pearce factory where a station has been started for the convenience of the employees and at the Pitman & Wilson drug store. Cards were sent out recently by Postmaster G. P. Hunt urging more business houses to open up stations where the stamps would be on sale and in this way increase Rush county's sale of stamps. In St. Joseph county alone 1,800 agencies have been opened up.

The sales this month over the county in the postoffices are expected to mount to \$6,000. They are increasing monthly. During December, the first month they were on sale, \$2,500 worth were sold and in January \$4,000 were sold. Rush county's allotment for the year 1918 is \$84,000 in sales which would make an average of \$7,000 monthly. This mark has not yet been reached but is expected that the future months may go over the mark sufficiently to bring up the average.

Manilla will again lead the post-offices of the county with the exception of the local office from all indications. Their sales so far have mounted higher than any other county offices that have reported. A war saving certificate this month sells for \$4.13. Next month it will be \$4.14.

Some Indiana towns and cities have made remarkable records in the sale of stamps, the success in some places being due largely to campaign put on by the citizens. In one week in Evansville, \$200,000 worth of stamps were sold. In one week in Muncie, \$10,000 worth were sold.

The newest plan being introduced by Thrift stamps boosters is to have by April first in Indiana between 750,000 and 1,000,000 savers. The state has already gone "over the top" in the number of societies formed and now is bending every effort toward adding its share of members by means of buying Thrift stamps. The nation wants between 25 and 30 million owners of Thrift stamps by April first.

TWENTY FOUR BOYS
COMPLETE PAYMENT

Names Will be on Bulletin Issued by
Y. M. C. A. For First Hundred
Thousand

OTHERS HAVE PAID A PART

Twenty-four of the 40 boys who pledged ten dollars to the Y. M. C. A. war fund and were a part of the First Hundred Thousand have completed their payment and about half of the remaining fourteen boys have paid between two and ten dollars. The time until April first is allowed for the completion of the payment.

On March first a bulletin is issued in this district showing the names of boys from every town who have completed their payments. Twenty-four Rushville boys will be included in the list.

PUT CREAM IN NOSE
AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

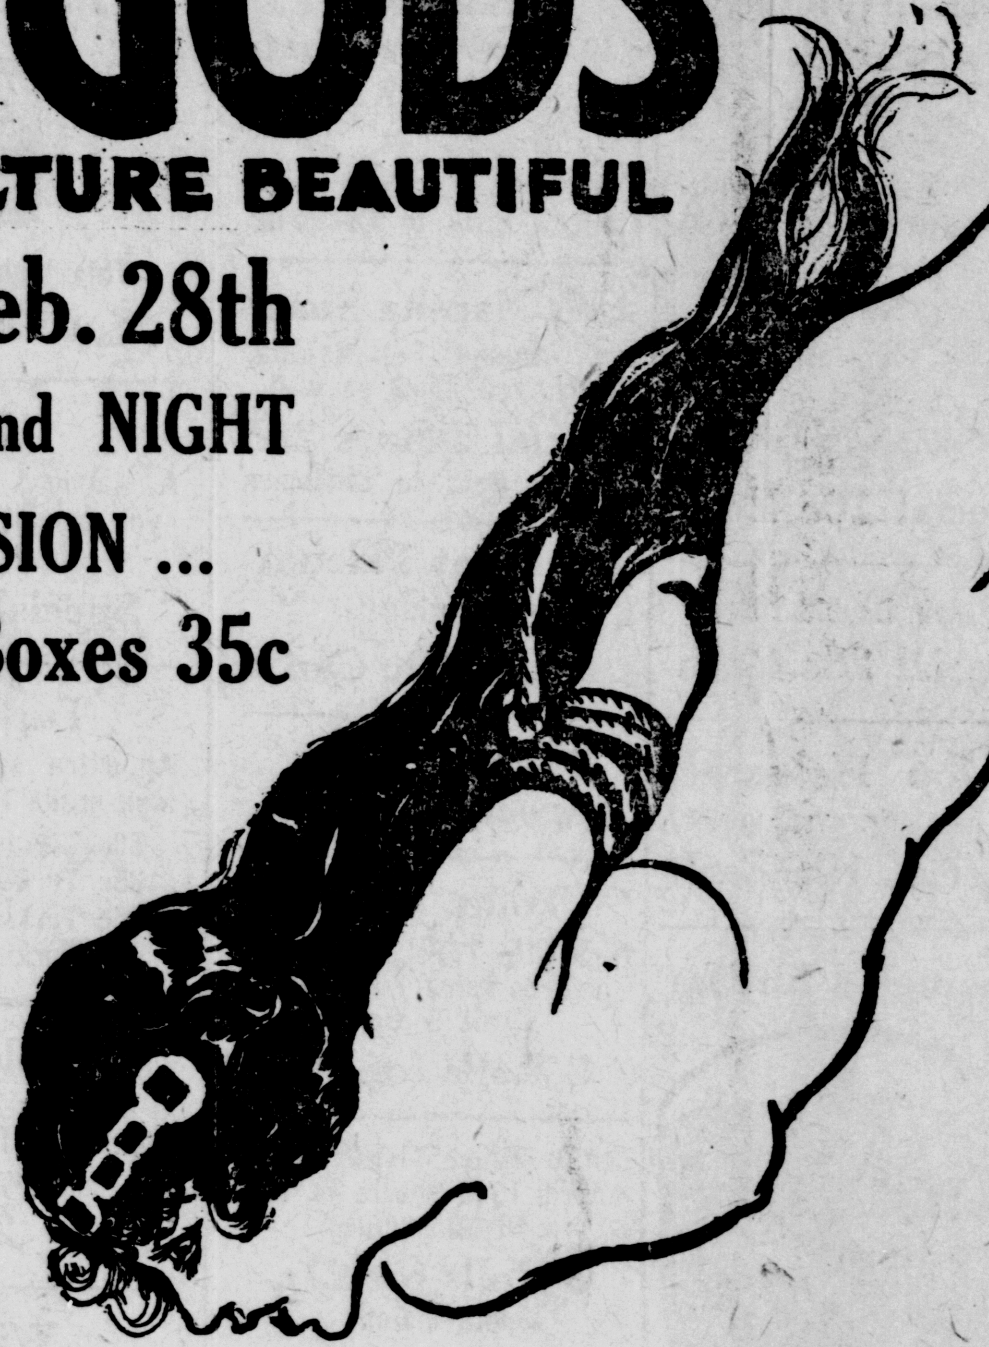

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no sneezing, sniffing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. (Don't stay sniffling and miserable.)

SITUATION IS CRITICAL

Compulsory Rationing Is in Pros-
pect, It Is Reported

(By United Press.)

Washington, Feb. 27.—The allied food situation is becoming critically serious. Compulsory rationing—for America is still wasting food, is in prospect. That was the warning of the agricultural committee in urging the speedy passage of the Hoover conservation bill. It was contained in the report of Committeeman Lever written after receiving information from foreign countries.

CHARGE UNFAIR METHODS

Washington, Feb. 27.—The federal trade commission has filed complaint against 38 concerns of unfair methods of competition. The firms are charged with "stifling and suppressing competition through lavish entertainment of competitors employers." Among the firms accused was the Lilly company of Indianapolis.

LIVES NEAR LOGANSPOET

A sixteen weeks serious illness was the cause of the reuniting of Miss Mable Stewart and her relatives who live near Logansport and who had not heard from her for seven years. She left home when but a girl and since that time has made her own living. She was employed in this city as a waitress and over four months ago became bedfast with rheumatism. During that time she was cared for by friends.

When she was sick for such an extended length of time, she decided to write to her family. Her uncle, M. K. Hall of Royal Center, a little town near Logansport, Miss Stewart's home, came for her immediately upon receiving the letter. She

was in such a serious condition that the trip home was a very difficult one. She is now at home with her mother.

That's because Vinol is a constitutional cod liver and iron remedy which aids digestion, enriches the blood and creates strength. Then chronic coughs and colds naturally disappear. Your money will be returned if it does not help you.

PRISON WAR WORK IS TO START HERE

Earl H. Payne Appointed Financial Representative In County For Prison Society

USE PRISONERS TO WIN WAR

Experience in Other Places Has Proved That Convicts Can Give Help

Prisoners in the county jail may be used for work in helping win the war since the appointment of Earl H. Payne as financial representative in Rush county of the National Committee on Prisons and Prison Labor. The appointment of Mr. Payne will be announced from Washington as soon as the appointments are made in the remaining counties in the state.

Experience in other places has proven that prisoners in jails and prisons can be of valuable aid in war work. The society holds that inasmuch as the country is engaged in a war of man-power and that every man is of value, men should not be relieved of their responsibility because they have committed a crime. Letters suggesting the ways in which these men could be used have been sent to sheriffs over the country where representatives have been appointed. Sheriff Ezekiel Jones has not yet received such a communication but states he is ready to aid the society in any way he can.

One of the most successful ways in which prison labor has been used has been the Chicago system of conserving community waste. The superintendent of the Chicago workhouse found employment for idle prisoners in gathering and sorting the waste of the municipal departments. There is more than one billion dollars worth of waste in the country which can be reclaimed each year. The demand for waste material to supply war industries has expanded the industry.

Mothers of Indiana, Prepare!

When a girl becomes a woman, and when a woman becomes a mother, and when a woman passes through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances. Many thousands in Indiana would testify just as do the following:

PEAU, IND.—"Always during the expectant period and afterward I would have poor circulation and numb spells, bothering me more at night. Five years ago I tried Dr. Pierce's Favorite Prescription—took about three bottles of it and these spells left me and I got along nicely."—Mrs. STELLA ESSIG, 390 E. Washington Avenue.

BUNKER HILL, IND.—"My mother gave me Dr. Pierce's Favorite Prescription when I was a young girl developing. I think it laid the foundation for my present healthy womanhood. I would never hesitate to recommend it to young girls at this very critical stage of life."—Miss DOSSIE WEAVER.

JEFFERSONVILLE, IND.—"I had been troubled with woman's trouble for two years and after taking Dr. Pierce's Favorite Prescription I felt much better. I have told many of my friends what it did for me."—Mrs. LYDIA SUMMERVILLE, Route 1.

Dr. Pierce's Favorite Prescription is not a secret remedy for all the ingredients are printed on the wrapper. All druggists. Liquid or tablets. Tablets, 60 cents.

Second M. E. church next Sunday when an all day rally will be held and an effort made to raise funds to pay the expenses of the meeting. The pastor, the Rev. E. W. S. Hammond will preach in the morning and the Rev. Mr. Marks of the Second Baptist church has been invited to preach in the afternoon at 3 o'clock. The Rev. Wesley Singleton, an evangelist of Connersville, will assist the pastor.

Three new nurses have accepted positions at the Dr. Sexton hospital. They are Mrs. Earl Richison of this city, formerly Miss Sallie Ferree who before her marriage was engaged as nurse in an Indianapolis hospital, Miss Mallory of Indianapolis, and Mrs. Shera of Greensburg, who has nursed here before. Mrs. Edna Rockefeller who has been at the local hospital for several years has been made head nurse and Miss Linnie Land is surgical nurse.

SECOND BIG DRAFT WILL START IN JUNE

Next Call Will not Be Nation-Wide Unless Some Emergency Arises Before That Time

MANY INDUSTRIAL CALLS

Washington, Feb. 27.—The second big draft will be made in June, according to present plans, it was learned from authoritative sources at the provost marshal's office.

Unless some emergency arises no nation-wide call of the men will be made under the second draft. Comparatively small numbers will be ordered from certain districts to camp as rapidly as the men who are there start across. The formal call authorizing definite numbers will be made for the purpose of allotting the district quotas.

Many more industrial calls will be made under the second draft. For this purpose a card index system showing the occupation of all registered men is being compiled.

BUILD U-BOAT KILLERS

Detroit, Mich., Feb. 27.—The Ford motor company has begun a \$2,000,000 ship building plant to build submarine killers. Contractors will rush the plant to completion in 75 days. Between ten and fifteen thousand men will be employed and the building will occupy five acres.

MOLINE UNIVERSAL TRACTOR

"It Solves the Farm Help Problem"

TWO MILLION MEN will be gone from the farms because of the war—strong, skilled, willing workers, only a small part of whom can be replaced by older men, boys and women. Yet production of food must go on. Production must be increased. There is only one way—equip the men left on the farms so they can do more work than ever before.

With the Moline-Universal—the original two-wheel tractor—One Man can farm more land than was ever before possible, because—

One Man has power at his command equal to five horses, capable of doing the work of seven horses owing to its greater speed and endurance. This power is always available for any farm work.

One Man operates the Moline-Universal Tractor from the seat of the implement to which it is attached, where he must sit in order to do good work.

One Man can start in the spring and go from one operation to another—plowing, harrowing, planting, cultivating, mowing, harvesting grain or corn, spreading manure, filling the silo, cutting wood, etc., doing all farm work from one year's end to another, independently of horses or hired help.

A Compact Unit

All these one-man operations with the Moline-Universal are possible because it is mounted on two wheels, all its weight is traction weight; it is powerful—pulls two 14-inch bottoms easily—yet it is light so that it does not pack the soil. The Moline-Universal attaches direct to the implement, making one compact unit—the tractor forming the front wheels and the implement the rear wheels. One man con-

trols the entire outfit from the seat of the implement. It has 31 inches clearance—more than ample for cultivating.

A Woman Can Operate It

One woman or boy operates the Moline-Universal as easily as a man. Miss Ruth Harding of Albion, N. Y., a proud owner of a Moline-Universal, writes: "I have never called a man from his work to assist me with the tractor in any way."

Farmers, everywhere, recognize the Moline-Universal Tractor as the logical tractor, as the best tractor for all conditions, and as the solution of their help and power problems. It fits any-size farm.

Thousands Now in Use

Thousands of Moline-Universal Tractors are now at work under every conceivable condition in all parts of the United States and in Canada, England, France, Sweden, Norway, Denmark, Russia, Italy, Spain, Mexico, Peru, Argentina, Brazil, Cuba, Guatemala, South Africa, Australia. Wherever a Moline-Universal Tractor is sold there is immediately a big demand for more.

The Largest Tractor Factory

The demand for Moline-Universal Tractors has far exceeded our expectations. We built an enormous factory which is devoted entirely to making Moline-Universal Tractors and three times have erected large additions to cope with the enormous demand. We now have the largest, best equipped, most thoroughly organized, most skillfully manned tractor factory in the world.

Moline sales and service branches cover the country. No purchaser ever is more than a few hours away from Moline service.

The Moline-Universal will solve your help and power problems. It is ready for you now. Write us today for free booklet giving full description of the Moline-Universal and name of your nearest Moline dealer.

TAYLOR HELD HERE
UNDER \$1000 BONDMan Who Escaped From Chief of
Police Yakey Monday is Ar-
rested at Connersville

TRIAL IS SET FOR FRIDAY

Meantime Grand Jury Continues In-
vestigation—Eyewitness Con-
firms Yakey's VersionChester Taylor, charged with as-
sault and battery on Chief of Police
Yakey, was arrested in Connersville
last night and brought here this
morning and placed in jail.He was promptly arraigned in cir-
cuit before Judge Sparks, pleaded
not guilty to the charge and his bond
was fixed at \$1,000. Chauncey Dun-
can, who was retained to defend
Taylor, said that no effort would be
made to give bond as the trial had
been set for Friday.Meantime the grand jury was
grinding away investigating the
case. Enos Greely, in whose pool
room the warrant was served on
Taylor Monday, Willard Bennett
who was in the pool room at the
same time and Policeman Newhouse
were before the investigators this
morning.The police have found that Harold
Wallace, son of Frank Wallace, the
photographer, witnessed the affair
when Chief of Police Yakey was re-
lieved of his mace and gun in the
alley back of Polk's hardware store.
Young Wallace told his father, who
reported it to the police. According
to his version of the affair, the
police say, it was as Chief of Police
Yakey said that he fell when
striking at Taylor, who drew his gun
and took the chief's weapons. Yakey
says he has no remembrance of Tay-
lor drawing his gun and that he was
so dazed he could offer no resistance.
Yakey was still unable to leave his
home today and could not appear
before the grand jury.According to the story of Police-
man Jerrell who was one of the of-
ficers who brought Taylor here, the
Connersville police learned Taylor
was with a girl last night and
watched the house where she lived.
When he and the girl came home, the
police went to the door and demand-
ed that Taylor give himself up. The
ed that Taylor give himself up. The
when the police said they would
have to search the house, Taylor
stepped from behind a door and gave
himself up.Taylor had no weapons of any
sort when arrested. The police re-
turned for the girl and she refused
to produce Chief Yakey's gun and
mace until they had taken her to
jail. Fear of having to spend the
night in jail induced her to give up
the two weapons.AWAITS REPLY OF

CONTEMPT OF COURTHarry Heatlee is Found Guilty by
Judge Sparks For Failure to
Obey Orders

DIDN'T PAY SUPPORT MONEY

Harry Heatlee has been sent to
jail for contempt of court by Judge
Sparks to serve five days. Heatlee
was found in contempt yesterday
afternoon for not obeying the
court's ruling in a divorce suit
brought by Mrs. Lacey Heatlee. The
costs of the case were assessed
against Heatlee.On December 8, 1917 Mrs. Heat-
lee was granted a divorce and the
custody of her minor children.
Heatlee was ordered to pay Mrs.
Heatlee \$3 a week for the support
of the children. This he has not
done, it is alleged, and last Thurs-
day Mrs. Heatlee filed a motion ask-
ing that he be held in contempt of
court.The case of William E. Inlow

today.

Petrograd, Feb. 27.—The Germans
have been hurled back at Vitebsk.After fortifying Borissov the Ger-
mans advanced toward Orsha, Rus-
sian forces made an attack and beat
the Germans back 18 miles from the
city.Then returning upon the city the
Russians blew up a bridge and began
an orderly evacuation.The German command advancing
on the capital, informed that the
Russians had accepted the peace
terms queried their representatives
at Brest-Litovsk. The reply came
back:

"The advance must continue."

The Germans evidently are deter-
mined to occupy Petrograd and are
trying to cut off the capital from
the south.The battle for possession of Pa-
skoff which continued through the
night ended in a Russian victory.
They removed most of the vast
stores of supplies there valued at
400,000,000 rubles into the interior.The commissariat has admitted
that Revel, capital of Esthonia situ-
ated on an arm of the Gulf of Riga
was captured after a battle in which
sailors and red guards contested.The Germans surrounded the city
in the evening. They approached
within 7 versts and sent represen-
tatives forward. In view of the Es-
thonia independence they were com-
ing as guests, but the defenders re-
fused to accept them and the battle
ensued.Enthusiasm for the defense of
the revolution grows hourly.The staff at Luga wired they
would halt the Germans if they had
reinforcements.SIXTY-ONE AMERICAN
MEN ARE GAS VICTIMSFive Are Killed in Last Night's
Deadly Attack—Many Suffer
From Fumes

MEN SPEND NIGHT OF HORROR

(By United Press.)

With the American Army in
France, Feb. 27.—Sixty-one Ameri-
can soldiers, gas victims, lay in the
hospital today following a night of
horror. The doctors worked all
night on the cases.Five others were killed in the gas
attack.Many of the hospital cases in-
clude artillery men overcome by
fumes from gas shells. Some Indiana
men were among the victims.Suddenly there was a flare from
the German trench as the mine
warriors were discharged, then came
the detonation of high explosives
with the spread of deadly gases.Three officers ran into a dugout
and closed the curtain so tight that
they narrowly escaped death from
suffocation.Three men were killed and nine
overcome in this sector during the
first attack.ASKED TO PERFORM
PATRIOTIC SERVICESchool Children Requested to Raise
Garden Vegetables This Year
Instead of Flowers

CHANGES IN ANNUAL CONTEST

Plan is Explained Today to School
Children Who Are Asked to
Order Seed on FridayPennies expended by the Rushville
school children for seeds will be
turned into large quantities of to-
matoes, peas and beans to help feed
Uncle Sam's army next year, if the
plan being worked through the
schools this week is carried out.In the past, the school children
have purchased flower seeds for a
nominal sum but this year the patri-
otic duty of the little folks will be
placed before them to raise vege-
tables instead of flowers. The plan
was presented in the schools today
and the children asked to bring their
pennies on Friday, saying the kinds
of seed they wanted and their or-
ders will be filled.Through the Home Gardening
Association in Cleveland, O., schools
are supplied with seeds of all kinds
at a very low mark. For a number
of years the local schools have pro-
cured seeds through this firm. They
are asked by the teachers to bring
their pennies and orders and the
seeds will be delivered to them with-
in a short time.That the children turn their atten-
tion to raising peas, tomatoes, and
beans this year instead of the flow-
ers that they have in the past is
based on the call of the government
for more vegetables to feed the
armies. Statistics show that the
American armies will need 50 per
cent more tomatoes, 12 per cent
more corn, beans and peas than they
did last year. Any of these vege-
tables that can be raised over this
amount will be scarcely enough to
feed the American public and the
Allies. For this reason, school chil-
dren over the entire country may do
patriotic service aiding in increas-
ing the food supply.The packages of seeds sell for
between 3 and 5 cents. Last year,
they sold for 2 cents a package and
360 were distributed. In the place
of tomato seeds, it is probable that
tomato pods will be supplied. Mrs.
A. L. Stewart is at the head of the
distribution of the seeds and has
been for several years.THREE SPEAKERS AT
ANDERSON INSTITUTEMan of German Descent Urges Ob-
servance of Meatless and Wheat-
less Days

CHARLES DAVIS PRESIDENT

Three excellent talks on topics of
the day and farm problems fea-
tured the Anderson township farmer's in-
stitute held in the Milroy school
yesterday, which was attended by a
large group of interested listeners."The Americans might as well
start observing meatless and wheat-
less days," said Mr. Zoehner of In-
dianapolis, whose father is a Ger-
man. "For they are absolutely nec-
essary in winning the war and if
they are not observed, the govern-
ment can and will force them. They
are giving people an opportunity to
do their part voluntarily."Dr. Carvin, federal live stock
agent, gave a very instructive talk
on "How Cholera" and W. T. Mar-
tin, of Purdue university brought
interesting facts to light in his talk
on "Save Stock."The officers elected for the coming
year were president Charles Davis,
vice president Claude Grant, and
secretary Arthur G. Arney.

OF SHIPBUILDERSCounty Has 99 Men Registered
When Allotment Was Only 75
—Among First in State

RECORD IS AN EXCELLENT ONE

With their usual response to ev-
ery request which the government
has made during the past year, Rush
county has again "gone over" with
flying colors in the present drive
for shipbuilders and other skilled
laborers.After reaching the county's quota
of seventy-five, County Enrolling
Agent Stewart continued to register
men and today his report to the
state enrolling agent showed an en-
listment of ninety-nine men from
Rush county. Due to the excellent
work of the local agent and the
ready co-operation of the men, Rush
county ranks among the first in the
state in the number of enlistments,
taking the size of the county into
consideration.Already there have been 9,387
Indians who responded to the call
of Uncle Sam for skilled labor which
leaves less than 1,500 men to com-
plete the state quota. According to
the opinion of N. E. Squibb, Indiana
state director, Indiana will go over
with its full quota by the end of the
week.TAX INSPECTOR
HERE VINDICATEDAccused by Huntington Citizens of
Filing Out Income Blanks
Improperly

SHOWS HE FOLLOWED RULES

Dan Strickland, tax inspector at
the local postoffice, who together
with Will Bender, another tax in-
spector, was accused by several
Huntington citizens in an article ap-
pearing in the Indianapolis News of
improperly filing out returns, has
been vindicated. The fact of it was
that Mr. Strickland and Mr. Bender
has been exactly following the gov-
ernment instructions and an article
appeared in a recent issue of the
News proving the fact.The question came up over whe-
ther or not farmers should be taxed
on the products they use for them-
selves in the food line. The first ar-
ticle from Huntington maintained
that farmers should subtract all of
their produce which they used for
their own tables before filing re-
turns. The income tax rulings read
that meat, chickens, potatoes, butter
and eggs can not be deducted, but
that seed, labor and garden produce
may be deducted before the income
is listed. The ruling is based on the
fact that persons in towns raise
garden produce and do not have to
pay tax on the amount they use.Private Raymond Benning, of the
136th Field Artillery, infantry, has

FOR RECORD PRICESEnormous Sums Farmers Are Pay-
ing Reveal Seriousness of the
Shortage

SOME FOR \$20.50 A BUSHEL

Practically No Township in Rich
Rush County Able to Supply
FarmersThat the seed corn shortage in
Rush county is serious is clearly de-
monstrated by the high prices the
farmers have paid and are willing to
pay for good seed. At a recent farm
sale, a lot of 17 bushels of seed
corn sold for \$20.50 a bushel, the
highest price on record in the his-
tory of the county. Twelve dollars
and a half a bushel was paid at an-
other sale recently.The question of getting enough
seed corn is uppermost in the mind
of every farmer today. The fact that
the product is so short and that
such an enormous supply of corn is
needed now more than ever before,
leaves a dire responsibility with the
farmers to get the seed and meet
the situation. Men from counties all
over the state have attended Rush
county sales in an endeavor to get
seed corn and Rush county farmers
in turn have gone into other counties
attempting to get their supply.The food survey which was taken
in every township in the county
brought to light the fact that in no
township where the returns have
been filed, is there sufficient seed
corn to supply the farmers even by
planning to divide the supply among
the farmers. To get exact statistics
on the amount of seed corn needed
was the primary purpose of the sur-
vey. About half of the townships
have turned in their reports. Some
need a great deal more than others
but all need some.The prices being paid for seed
vary all the way from five dollars a
bushel to four times that price when
a few years ago it was selling for
two or three dollars a bushel. One
farmer succeeded in getting a lot of
one hundred bushels of seed yester-
day for five dollars a bushel from a
woman in Stringtown. It was the
last she had and she had already
fed out about the same amount, not
knowing that it was scarce. Another
man endeavored to get some seed
from a farmer near Liberty and
stated that there were enough sacks
left there by farmers who were going
to return when the corn would be
sold to carry away all of the man's
enormous supply.Some farmers from Washington
township, one of the county's richest
townships, have gone to Union coun-
ty to get seed corn. A farmer from
Mays, this morning, however, stated
that he thought Washington town-
ship's supply was not about enough
to carry the farmers over the short-
age.Seven hundred bushels of seed
were sold at the sale of Charles
Hendricks for \$6,900, an average of
\$9.43 a bushel. Seventeen bushels of
this lot went for \$20.50. It was at
the sale of Ivan Shortridge the
corn sold for \$12.50 a bushel. At
the Hendricks sale farmers from a
dozen counties were there bidding
high for the seed.

Back to the Farm.

In the working out of the farm problems the coming season the country is up against some sharp facts. It is useless to blind our eyes to the situation—we are short of farm workers, and that at a time when even more are needed than any time heretofore. The working of the selective draft law, given and taken, has caused entirely remedied matters of men without the loss of the thousands of young men actually called the farms have been short-handed for several years.

In this connection we should call attention to some facts that should be remembered by all farmers and

some time that many farmers, after years of effective work on their farms, have left them and moved to the towns, leaving their lands in the care of tenants. This has been bad for the farms in many ways, particularly in that it deprived the lands of the care of men of experience and superior judgment, both so vitally necessary at this time.

These men are still in the towns, hundreds of them, thousands of them. While they may be a substantial factor of the town force, their presence is at this time most urgently demanded on the farms. Every farm in the land is crying out for the guiding hand and brain of its owner—the one person who should have the deepest interest in its success.

In this crisis of the nation's life, every owner of a farm who has left it—wherever possible without too great sacrifice—should return to the soil and give to it his best labor and thought. It is not merely the matter of his daily labors, though these would count largely in results. There is the more important fact of his experience and broader knowledge of farm problems. His hand at the helm would be an inspiration to the entire farm force and would count powerfully in the final results. There could be no finer exhibition of patriotism than for the ex-farmers of the country, wherever and however situated, to return to the soil at least through the period of the war when they could be such untold aid to their country.

Ahead of the Regiment.

It is unfortunate that after the organization has practically been perfected for the Third Liberty loan drive that the announcement should come from Washington that it will be postponed and may not be conducted for a month or possibly longer. A very enthusiastic meeting of energetic workers of this district was held here several days ago.

There is a grave possibility that the workers, like the athlete who is over-trained, may grow stale and give the drive a set-back, or that the officials at Washington may have trouble catching up with them.

All of which reminds one of the story of the regimental color bearer who got far ahead of his regiment. "Bring the colors back here to the regiment," yelled the commander in the heat of the battle.

"Bring the regiment up to the colors," shouted back the brave bearer.

Since the beginning of the world war, the cost of living has risen in Germany twice as fast as in the United States, notwithstanding the fact that living in the United States is worth ten times as much as living in Germany.

It is always well to be suspicious of the man who is the first to yell "Stop Thief." By the same token it is equally as important that the man who is blatant about his bravery not be taken too seriously.

If President Wilson gets credit for the suffrage victory in congress, it will not be the first time the last man on the band wagon got all the glory.

The packing house investigations did not turn up any embalmed beef, but they disclosed some things with an equally offensive odor.

That German peace dove turned out to be a crow.

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets get on the liver and bowels like calomel, yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually. 25c and 50c per box. All druggists. Take one or two nightly and note the pleasing results.

Radium is Now Offered To All

Great Curative Property for Rheumatism Can Now be Tried at Home

Radium is one of the most efficient curative properties for rheumatism known to medical science.

BUT—Radium treatments in the past have been enormously expensive and the cost has prohibited the average man or woman who suffered from rheumatism from trying it. Either the sufferer had to journey to some hot springs to drink the water containing the radium emanations or go to an institution known as an "Emanatorium" where the radium treatment was taken by inhaling the gas—or emanations—given off from a quantity of pure radium.

Now, however, the radium treatment is not expensive. Sufferers from rheumatism can try radium right in their own homes and the cost is no greater than the cost of ordinary medicines.

The manufacturers of Tanlac, the most widely known general system tonic in America, have placed a medicine for rheumatism on the market and it contains radium.

Tanlac Rheumatism Treatment, under which name the new medicine is being introduced, is complete. It consists of a tablet for internal use and a medicament for external use. Each of the tablets for internal use produces four mache units of genuine radium emanation.

If you suffer from the aches and pains and twinges of rheumatism get Tanlac Rheumatism Treatment today and get a real medicine for this dreaded complaint. You can get Tanlac Rheumatism Treatment at any good drug store where you get Tanlac, the famous tonic. (Adv.)

Several business matters were discussed after which the hostess served dainty refreshments.

Mr. and Mrs. Ed. Putman of North Jackson street entertained the members of the Harmony club last night with a prettily appointed card party. Mr. and Mrs. Walter Easley were the only guests aside from the members of the club and at the close of several rounds at cards, light refreshments were served.

An all day meeting of the Dr. Gilbert class of the Christian Sunday school will be held at the Red Cross headquarters tomorrow. The members of the class are asked to come at nine-thirty in the morning. The entire day will be spent in sewing for Red Cross and dinner will be served at noon.

Twenty-three members of the G. B. club attended the pleasant meeting held at the home of Mrs. Fred Wilson at 1022 North Perkins street yesterday afternoon. The social afternoon was concluded by the service of light refreshments. The next club meeting will be held in two weeks.

Mrs. Robert Williamson of West First street will be hostess to the member of the Ladies Aid society of St. Mary's Catholic church at the regular meeting which will be held tomorrow afternoon. The hostess will be assisted by Mrs. Anthony Schrichte.

Honoring Mrs. Theodore Betker who with her husband will leave soon for residence in California, the members of the Grand club will entertain this evening with a dinner party at the home of Mrs. Phil Wilk in North Harrison street.

There will be a called meeting of the Loyal Daughters' Sunday school class of the Main Street Christian church, in the church parlors, Friday evening at 7:30. Important business will be discussed and the officers desire a good attendance.

Mr. and Mrs. Fred Maple entertained at their home Saturday evening with a prettily appointed evening party in honor of Clifford Croddy of Camp Grant who was spending a few days with relatives here. Fifteen guests were entertained.

Red Cross sewing was done at the regular meeting of the Ladies Aid society of the Main street Christian church which was held yesterday afternoon in the parlors of the church. A good attendance of the members was present.

Honoring Mr. and Mrs. William M. Frazee and son William who will leave Saturday for Globe, Ariz., Mrs. Dan Matlock entertained at her home in North Jackson street today with a prettily appointed dinner party.

The members of the Immaculate Sodality will begin sewing for their Easter bazaar at the meeting of the organization to be held on Thursday evening at the home of Miss Theresa Reardon.

LISTEN TO OUR STORY

Come to our store and listen to the tale of this spreader, "RUSHVILLE SPECIAL." This machine is built especially for us, to fit and to fill the requirements of our own territory, and we wish you would come and listen to the story connected with this modern machine.

It has more quality features, protected by patents than any other machine we know of. It has the only beater wheel which will not clog or choke on any kind of material. It has the only box that will not clog or choke. It has the lightest draft of any known spreader. Customers tell us they can see no difference in the draft when distributing or when hauling the load to the field.

The main bearings are built like a railroad car—packed with waste and oil. It is almost entirely of steel, and because of this unusual construction and the lack of hard, heavy draft, it carries a guarantee for five years.

The "RUSHVILLE SPECIAL" has only two gear wheels, only one lever, and requires less knowledge and skill and experience to operate than any machine spreader we ever heard of. It is almost human in its operations. You work one lever and everything else takes care of itself.

We are selling this spreader because we believe it is the best machine that money can buy. We know this from our own experience and the experience of others. Come in and listen to the story the "RUSHVILLE SPECIAL" can tell.

We Are Making Old Shoes Over

into new ones right along for people who doubted our ability to do anything with such old shoes as they brought us. But they found that a shoe must be entirely worn out to be beyond our power to repair it. Before you rush off and pay big money for a pair of new shoes bring some of your old ones here. We can very likely save you considerable money.

Enthusiastic Praise for Well Known Medicine

During our twelve years of experience in selling Dr. Kilmer's Swamp-Root it is a rare exception to have a user speak of "no results"; and in every many cases—almost all—the user is greatly benefited by its use. If his symptoms cover the ailments for which Dr. Kilmer's Swamp-Root is intended.

Very truly yours,

Society

The organization meeting of the Soldier Mothers club of the Main street Christian church, was held yesterday afternoon with Mrs. Lewis Cline in North Morgan street when Mrs. Anna Reed was elected president of the club. The other officers include Mrs. Lewis Cline, vice-president; Mrs. Sam Newhouse, secretary; and Mrs. H. C. Owen treasurer.

The club has been organized in order that delicacies which are appreciated by the boys in training, might be prepared for the sons or foster sons of the club members and at each meeting either something will be done for the boys directly, or Red Cross sewing will be done. At the meeting yesterday boxes of candy were made for each boy, whose mother as a member of the club was present.

The members of the club include Mrs. Owen, Mrs. Woolen, Mrs. Reed, Mrs. Snyder, Mrs. King, Mrs. Newhouse, Mrs. Hughes and Mrs. Wilkinson. Any woman belonging to the church who has a foster son in the army is entitled to membership and is urged to join. The next meeting will be held next Thursday afternoon with Mrs. Sam Newhouse when Red Cross sewing will be done.

One of the most interesting meetings which the Sorosis club has held in several weeks was the meeting yesterday for which Miss Florence Elliott of North Harrison street was hostess. The feature of the program was the address given by Miss Mary Marlatt on "The High School Reforms." Miss Marlatt who formerly taught at Cornell, is exceedingly well informed concerning the reforms which have been made in the advanced schools during the recent years, and her discussion was one which excited the interest of the club.

"The Spirit of the Younger Generation" was discussed by Mrs. Saxton who treated her subject from the standpoint of the present warring conditions. A program of musical numbers given by Miss Jessie Murphy completed the program. The next meeting will be held in two weeks with Mrs. Joseph Walther in Glenwood when officers for the club year will be elected.

Business women of this city have received invitations to the conference of business women of the state to be held at the Claypool hotel in Indianapolis on March 15 and 16. Five hundred women over the state have been invited. The objects of the association to be formed will be especially to become the source of information with respect to the new opportunities for women and to promote and encourage on the part of all women greater efforts towards efficiency in the more important activities of the world's work. It will bring together an increasing group of women in the interest of the betterment of their own sex. Miss Florence King of Chicago, founder and president of the Woman's Association of Commerce will be the distinguished guest. Miss Dove C. Meredith of this city is on the advisory committee for the conference.

The Fairview Community club will hold its regular monthly meeting on Friday evening at 7:30 in the auditorium of the Fairview high school building. The program committee has arranged a series of talks by a number of men of the community who are interested in the various

Mothers—This Child Was Cured of Bed-Wetting

Mrs. C. W. Peters, Lancaster, Pa., writes: "My six-year-old girl has wet the bed since she was a baby. I found out that she was suffering from a case of Polley Kidney Pills. I saw they were helping her, and bought two bottles of my druggist and she is altogether cured. Thanks to Polley Kidney Pills for the benefit I have found in them, as it takes a lot of washing off and I have told a number of mothers about it. I found the cure." Polley Kidney Pills will cure any case of bed-wetting that is not caused by obstruction or malformation of the parts. They are safe and reliable. Free literature from Polley & Co., 333 North Dearborn St., Chicago, will send their booklet on bed-wetting to any one asking for it.

The annual reception and banquet to the officers and members of the Rush county chapter No. 24, Royal Arch Masons, will be held tomorrow afternoon and evening in the Masonic temple here. The officers of the Phoenix lodge No. 62, the Rushville council No. 41 and the Rushville commandry No. 49 have been invited to the banquet which will be served at 6:30. In the afternoon at four o'clock the mark master degree will be conferred and in the evening at eight o'clock the royal arch degree will be conferred on a class. All of the events are expected to be attended by a large number of members and the annual banquet this year is expected to be one of the most pleasant held for several years.

Seventy-four members of the Ladies Aid society of the St. Paul's Methodist church attended the meeting which was held yesterday afternoon at the home of Mrs. A. L. Riggs in North Perkins street. The feature of the meeting was the presentation of the playlet, "The Truth for a Day" by the members of Miss Helen Saunders' Sunday school class. A silver offering was taken up by the class after the performance, the proceeds of which will be added to the Easter offering.

A number of plans relative to Epworth League work were discussed at the meeting of the cabinet held with Mr. and Mrs. Merv Wolcott last evening. An eight weeks Mission Study class, to be conducted by the Rev. C. S. Black, will start on next Monday evening. The district contest in which the local league is competing for the banner was discussed. Announcement was made that the district president, W. E. Wagoner of Milroy, will address the local league on March 27. Delicious refreshments were served after the business meeting. The next meeting will be with Miss Harriet Wagoner in one month.

Advance Styles

Featuring Suits and Coats

Here Sound the New Notes

We are fortunate in receiving a splendid new line of Wooltex Coats and Suits and the choice of the New York market. They display the newest style features for 1918 in the most attractive forms.

The questions you have been asking about what is smart in collars, sleeves, belts and skirts; what color will be correct for Spring, are all answered in this authoritative display.

You can best judge of the style and quality of these advance models by paying a visit to our Coat and Suit Department, where our salespeople will be glad to assist you in trying on any of the garments.

The Willing Workers Sunday school class of the First Baptist church last night at her home in North Jackson street. Following the business session the guests enjoyed a social hour and a prettily appointed luncheon was served. The guests included Misses Sarah Gibbs, Margaret Gardner, Mildred Davis, Cecil Downey, Ella Adams, Vera Sport, Ethel Newhouse, Frances Bunnell, Irene Adams, Mrs. Adams and Mrs. Arbuckle, teacher.

IF BACKACHE OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water, also get from any pharmacist four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then be all right. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity; also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney troubles while it is only trouble.

PRISON WAR WORK IS TO START HERE

Earl H. Payne, Appointed Financial Representative in County For Prison Society

USE PRISONERS TO WIN WAR

Experience in Other Places Has Proved That Convicts Can Give Help

Prisoners in the county jail may be used for work in helping win the war since the appointment of Earl H. Payne as financial representative in Rush county of the National Committee on Prisons and Prison Labor. The appointment of Mr. Payne will be announced from Washington as soon as the appointments are made in the remaining counties in the state.

Experience in other places has proven that prisoners in jails and prisons can be of valuable aid in war work. The society holds that inasmuch as the country is engaged in a war of man-power and that every man is of value, men should not be relieved of their responsibility because they have committed a crime. Letters suggesting the ways in which these men could be used have been sent to sheriffs over the country where representatives have been appointed. Sheriff Ezekiel Jones has not yet received such a communication but states he is ready to aid the society in any way he can.

One of the most successful ways in which prison labor has been used has been the Chicago system of conserving community waste. The superintendent of the Chicago workhouse found employment for idle prisoners in gathering and sorting the waste of the municipal departments. There is more than one billion dollars worth of waste in the country which can be reclaimed each year. The demand for waste material to supply war industries has expanded the industry.

MOLINE UNIVERSAL TRACTOR

"It Solves the Farm Help Problem"

TWO MILLION MEN will be gone from the farms because of the war—strong, skilled, willing workers, only a small part of whom can be replaced by older men, boys and women. Yet production of food must go on. Production must be increased. There is only one way—equip the men left on the farms so they can do more work than ever before.

With the Moline-Universal—the original two-wheel tractor—One Man can farm more land than was ever before possible, because—

One Man has power at his command equal to five horses, capable of doing the work of seven horses owing to its greater speed and endurance. This power is always available for any farm work.

One Man operates the Moline-Universal Tractor from the seat of the implement to which it is attached, where he must sit in order to do good work.

One Man can start in the spring and go from one operation to another—plowing, harrowing, planting, cultivating, mowing, harvesting grain or corn, spreading manure, filling the silo, cutting wood, etc., doing all farm work from one year's end to another, independently of horses or hired help.

A Compact Unit

All these one-man operations with the Moline-Universal are possible because it is mounted on two wheels, all its weight is traction weight; it is powerful—pulls two 14-inch bottoms easily—yet it is light so that it does not pack the soil. The Moline-Universal attaches direct to the implement, making one compact unit—the tractor forming the front wheels and the implement the rear wheels. One man controls the entire outfit from the seat of the implement. It has 31 inches clearance—more than ample for cultivating.

A Woman Can Operate It

One woman or boy operates the Moline-Universal as easily as a man. Miss Ruth Harding of Albion, N. Y., a proud owner of a Moline-Universal, writes: "I have never called a man from his work to assist me with the tractor in any way."

Farmers, everywhere, recognize the Moline-Universal Tractor as the logical tractor, as the best tractor for all conditions, and as the solution of their help and power problems. It fits any-size farm.

Thousands Now in Use

Thousands of Moline-Universal Tractors are now at work under every conceivable condition in all parts of the United States and in Canada, England, France, Sweden, Norway, Denmark, Russia, Italy, Spain, Mexico, Peru, Argentina, Brazil, Cuba, Guatemala, South Africa, Australia. Wherever a Moline-Universal Tractor is sold there is immediately a big demand for more.

The Largest Tractor Factory

The demand for Moline-Universal Tractors has far exceeded our expectations. We built an enormous factory which is devoted entirely to making Moline-Universal Tractors and three times have erected large additions to cope with the enormous demand. We now have the largest, best equipped, most thoroughly organized, most skillfully manned tractor factory in the world.

Moline sales and service branches cover the country. No purchaser ever is more than a few hours away from Moline service.

The Moline-Universal will solve your help and power problems. It is ready for you now. Write us today for free booklet giving full description of the Moline-Universal and name of your nearest Moline dealer.

Mothers of Indiana, Prepare!

When a girl becomes a woman, when a woman becomes a mother, and when a woman passes through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances. Many thousands in Indiana would testify just as do the following:

Pozo, Ind.—"Always during the important period and afterward I would have poor circulation and numb spells, bothering me more at night. Five years ago I tried Dr. Pierce's Favorite Prescription—took about three bottles of it and those spells left me and I got along nicely."—Mrs. STELLA ESTER, 390 E. Washington Avenue.

Sunapee, Ind.—"My mother gave me Dr. Pierce's Favorite Prescription when I was a young girl developing. I think it laid the foundation for my present healthy womanhood. I would never hesitate to recommend it to young girls at this very critical stage of life."—Miss DONNA WENZ.

Harrodsburg, Ind.—"I had been troubled with woman's trouble for two years and after taking Dr. Pierce's Favorite Prescription I felt much better. I have told many of my friends what it did for me."—Mrs. DONNA WENZ, Route 1.

Dr. Pierce's Favorite Prescription is a secret remedy for all the troubles of women. It is printed on the wrapper. All druggists. Liquid or tablets. Tablets, 50 cents.

Second M. E. church next Sunday when an all day rally will be held and an effort made to raise funds to pay the expenses of the meeting. The pastor, the Rev. E. W. S. Hammond will preach in the morning, and the Rev. Mr. Marks of the Second Baptist church has been invited to preach in the afternoon at 3 o'clock. The Rev. Wesley Singleton, an evangelist of Connersville, will assist the pastor.

Three new nurses have accepted positions at the Dr. Sexton hospital. SECOND BIG DRAFT WILL START IN JUNE

Next Call Will not Be Nation-Wide Unless Some Emergency Arises Before That Time

MANY INDUSTRIAL CALLS

Washington, Feb. 27.—The second big draft will be made in June, according to present plans, it was learned from authoritative sources at the provost marshal's office.

Unless some emergency arises no nation-wide call of the men will be made under the second draft. Comparatively small numbers will be ordered from certain districts to camp as rapidly as the men who are there start across. The formal call authorizing definite numbers will be made for the purpose of allotting the districts.

Many more industrial calls will be made under the second draft. For this purpose a card index system showing the occupation of all registered men is being compiled.

BUILD U-BOAT KILLERS

Detroit, Mich., Feb. 27.—The Ford motor company has begun a \$2,000,000 ship building plant to build submarine killers. Contractors will rush the plant to completion in 75 days. Between ten and fifteen thousand men will be employed and the building will occupy five acres.
